

DIGIWAY GATE MOTOR

\$210+GST

P750V4.3 PCB

- For P750 and P550 inverter drive motor
- Encoder control with additional limit switch option
- Open PE beams option

\$150+GST

DC2 Control PCB

- Control 12-24VDC motors
- Encoder and Limit switch
- All timer can be changed on site.

\$210+GST

AC6 control PCB

- Control one or two AC motor
- Spring /Mag. limit switch
- controller with different operation mode.

\$260+GST

TS v2.0

- Micro controller basis turnstile controller with feed back and arm relay
- For high security system
- Two Channel in and out.

\$210+GST

TS v1.0

- Basic Turnstile control board
- two channel with test button
- battery back up charger

\$95+GST

Mag01

- Mag lock controller
- One channel button
- with trig and reset input

Digiway The better way

DIGIWAY GATE MOTOR

Accessories and spare parts

\$180+GST

PD132 Loop Detector

- One channel
- 24V or 240V supply
- Relay output

\$55+GST

PE beams

- 15-20M range
- 12-24ACDC supply
- Relay output, N/O or N/C

\$45+GST

Stand alone RX

- 12-24ACDC
- 30 remote capacity
- Relay output, N/O

\$22+GST

Remote

- Rolling code
- 4 buttons
- wall mounting base

\$55+GST

Wireless keypad

- Rolling code
- 2 channel
- Aluminum case

\$350+GST

Teco Inverter

- 0.75KW, 240V input
- Suit all inverter driven gate replacement

\$40+GST

Encoder and fan

- For P550 14mm fan
- For P750 19mm fan

\$58+GST

Drive pinion

- Suit P550, P750, P150
- Suit Fadini MEC 200
- Shaft 22mm

\$25+GST

Gate Rack

- M4 light duty
- M4 heavy duty

\$55+GST

Proxy switch

- 6-36VDC supply,
- Body 18(dia.)x70(L)
- PNP transistor output

POA

PLC panel

- Boom gate control
- Tyre spikes control
- complex traffic light

POA

Keypad

- Standalone
- 2000 user
- Size: 82mmx127mm

POA

Keypad

- Standalone
- 2000 user
- Size: 57mmx120

\$85+GST

EMC filter

- 240V@10A
- dual stage
- stainless steel case

\$58/\$50+GST

Transformer

- 100VA/50VA
- 12V+12V
- 100(dia.)x50(H)

Digiway The better way

DIGIWAY GATE MOTOR

Accessories and spare parts

Water proof box

\$25+GST

Size: 115x90x55

\$35+GST

Size: 165x125x75mm

Size: 165x125x75

\$45+GST

size: 243x193x97mm

Size: 243x193x97

\$55+GST

Size: 254x184x96mm

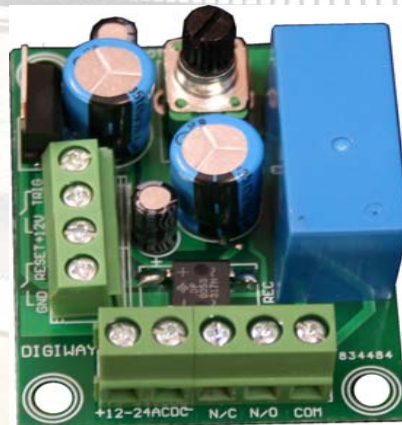

Size: 254x184x96

Push button and relays
For gate controls

Mag lock control kit
with one exit button.
For shops, any entry.
Input for Remote,
card, PIR and any
access control systems

Mag. Lock PCB
• Trig and reset input
• adjustable time
• 10A relay output

Push Button

- Mushroom Station
- N/O or N/C
- Box: 70x80x65

\$30+GST

Emergency

- N/C contact
- Turns to release
- Box: 70x80x65

\$45+GST

Push Button

- N/C or N/O contact
- Turns to release
- Box: 70x150x65

\$60+GST
